!!!! We mustn't forget to use the formal You.

Today you will:

- Practise what we learnt last time,
- Introduce yourself,
- Read and translate a story about Horváthné Kati,
- Learn about and practise the possessive suffixes,
- Using the possessive structure, introduce yourself again and talk about your family,
- Talk about the fact that you will need to write a handwritten biography in Hungarian.

1. Beszélgessünk! ('hogy van?', magyar, angol, portugál, mérnök, kert, iskola, kórház, iroda, börtön, szoba)

2. a) Szeretnék bemutatkozni.

b) Legyen szíves mutatkozzon be!
(Please introduce yourself.)

3. Suffixes in Hungarian

- Suffixes in Hungarian can be one-form: e.g. –kor
  '-kor' means at a time, e.g. egykor (at one)

- They can be two-form: e.g. –ban, -ben
  'Kórházban vagyok'

- They can be three form
  E.g. some of the possessive suffixes we'll learn in a minute.

4. Horváthné Kati a barátnőjével beszélget.
   (Mrs. Kati Horváth chats with her (female) friend.)
   a) Beszéljük meg a szavak jelentését!
      (Let's discuss the meaning of these words.)

anyuka - …….
apuka - …….
lány - ……..
nagymama - …….
hál' Istennek! - ……..
sajnos - …….
nagyon sajnálom! - ……..

Kati: Hány éves az anyukád?
Szilvia: Az anyukám 68 (hatvannyolc) éves.
Kati: És az apukád? Ő hány éves?
Szilvia: Az apukám 71 (hetvenegy) éves.
Kati: És a lányod? A lányod 18 (tizennyolc) éves?
Szilvia: Nem, a lányom már 19 (tizenkilenc) éves.
Kati: A nagymamád nyugdíjas?
Szilvia: Igen, a nagymamám már nyugdíjas. Ő 91 (kilencvenegy) éves.
Kati: Hál' Istennek, hogy a nagymamád még él!
Szilvia: Igen, hál' Istennek! És a te nagymamád? A te nagymamád még él?
Kati: Nem, sajnos az én nagymamám már nem él.
Szilvia: Nagyon sajnálom!

én + az anyuka → az anyukám

te + az apuka → az apukád

te + a lány → a lányod

én + lány → a lányom

én + a nagymama → ……

te + a nagymama → ……

még él ☺ ↔ már nem él ☹

b) Egy kis nyelvtan (A little bit of grammar)

Sg.		Pl.	
1st	-om/-em/-öm	1st	-unk/-ünk
	-m		-nk
2nd	-od/-ed/-öd	2nd	-otok/-etek/-ötök
	-d		-tok/-tek/-tök
3rd	-ja/-je	3rd	-juk/jük
	-a/-e		-uk/ük

- If the word stem ends <u>in a vowel</u> your ending (suffix) needs to start with a consonant, so that it's easy to pronounce.

az apuka → én + az apuka → az apuká**m** (my dad)
te + az apuka → az apuká**d** (your dad)
ő, Ön + az apuka → az apuká**ja** - (his/her dad, but also: your dad with the Formal You)
mi + az apuka → az apuká**nk** (our dad)
ti + az apuka → az apuká**tok** (your dad)
ők, Önök + az apuka →az apuká**juk** (their dad, but also: your dad with the Formal You if addressing more than one person)

a nagymama → én + a nagymama → a nagymamá**m** (my grandmother)
te + a nagymama → a nagymamá**d** (your grandmother)
ő, Ön + a nagymama → a nagymamá**ja** (his/her grandma,but also: your grandma with the Formal You)
mi + a nagymama → a nagymamá**nk** (our grandmother)
ti + a nagymama → a nagymamá**tok** (your grandmother)
ők + a nagymama → a nagymamá**juk** (their grandma, but also: your grandma with the Formal You if addressing more than one person)

az anyuka → én + az anyuka → az anyuka…. mi + az anyuka → az anyuka….

te + az anyuka → az anyuka…. ti + az anyuka → az anyuka….

ő, Ön + az anyuka → az anyuka… ők, Önök + az anyuka → az anyuka…..

- If the word stem ends in a consonant (consonant-final stems), you need a linking vowel so that it's easier to pronounce.

  lány → én + a lány → a lányom mi + a lány → a lányunk

  te + a lány → a lányod ti + a lány → a lányotok

  ő, Ön + a lány → a lánya ők + a lány → a lányuk

Of course it is vowel harmony that tells you which form you need out of the two- or three-form suffixes!

Most Hungarian words exclusively contain back or front vowels.

(Do you remember what kind of words the exceptions are?)

Most endings (suffixes) harmonize with the word they are attached to.

-back vowel words -> back vowel suffixes **autó**: a, á, u, ú, o, ó,

-front vowel words -> front vowel suffixes **teniszütő:** e, é, i, í, ü, ű, ö, ő

-mixed vowel words -> back vowel suffixes

- if you have 3 suffixes to choose from (eg. -om/-em/-öm at 1st person Singular) then you choose the third one (-öm) if the last vowel of your word is ü, ű, ö, or ő.

a bőrönd → a bőröndöm

c) Minden az enyém! (Everything is mine!)

az anyuka → ……

az apuka → ……..

a lány → ……

a nagymama → ……

az autó → ……

a család → ……

a tanár → ……

a férj → ……

a feleség a férj

d) Minden a tiéd! (Everything is yours!)

a nagypapa → ……

a nagypapa → ……

az iskola → ……..

az iroda → ……

a templom → ……

a család → ……

az anyuka → ……

a feleség → ……

a férj → ……

a testvér → ……

5. Now that you have learnt the possessive structure, you can talk about your family.Things you can now say in Hungarian:

I'm ……...
I'm American and I live in ……...
I'm a ……...
My husband / wife is .....
My daughther / son is ……..
My mum is/was …….
My mum / dad is of Hungarian origin.
My dad is ……...
My dad is ……...
My sibling / brother/sister .....

6. Házi feladat

a) Let's talk about the fact that you will need to write a handwritten biography.

In the next few weeks, please put together a simple one – the basis of this is your introduction, which we have just covered. You can write it in English and we will translate it for you and most weeks we will add a bit more to it.

As they ask for a **handwritten** biography you will need to handwrite it on the form.
The length depends on how old you are – the older someone is the more things they will need to mention. You will have a maximum of one page to write this.

- Önéletrajz-minta angolul:

Biography

My name is Carol Stein, I was born on 22nd January 1980. I'm from Brazil but I have Hungarian origin. I have a younger brother named David Stein.
My grandfather was Hungarian, he was born in Nagyvárad on 23rd February 1919. He moved to Brazil and met my grandmother from Finland and they had my father and my aunt. My grandfather was a musician and he used to have a little store in Brazil that

sells classic music. Like my grandfather, I have my own business. I have a small beauty salon and I love my job. Now I live in London. I have an American boyfriend and we live together.

My grandfather was a very smart and educated men, he spoke 6 languages and played Hungarian music for us, when we were young and he was alive.

We treasure my grandfather's picture in which he wears a Hungarian soldiers' uniform – I have attached this picture to my application.
Although I am a proud Brazilian I am very happy that the new Hungarian law now allows me to formally reclaim our heritage. I would also like to be proud Hungarian citizen as well.

Carol Stein

b) Melyik szó nem illik a sorba? ('Which word doesn't fit in the line?')

újságíró, anyuka, apuka, nagymama, nagypapa

angol, mérnök, magyar, amerikai, ausztrál, lengyel

tanár, újságíró, szoba, mérnök

c) Let's fix some exercises you would be happy to do from the MagyarOK books.
E.g. you could do:

- Old book/New book: page 18/17, exercise 1 and 2,
- Old book/New book: page 19/18, exercise 3,
- Old book/New book: page 21/20, exercise 7,
  a) and b)

- Old book/New book: page 22/22, exercise 8,
- Old book/New book: page 23/23, exercise 9/exercise 11.

Please don't forget to listen where the audio is available on the website. This is the link you will need to follow: http://magyar-ok.hu/en/A1_audio.html?ver=2.7

You will need to click on box 2 (for chapter 2) and the number of the exercise (e.g. Page 18, exercise one is 2.1)

d) Következő órán a számokat tanuljuk. (Next lesson we will learn the numbers.)

From your MagyarOK books, you could look at the numbers on page 28, exercise 20 and do the corresponding listening exercise on the website. We will learn the numbers together but this way you will have seen them already.
